Subject: **IMS Services to Helicopters Hawkes Bay**

To Whom It May Concern:

Helicopters Hawkes Bay have entrusted in the services of Richard and his team for the past twelve months of operations.

As displayed at all times during this period, we have huge confidence in timing, methodology and accuracy of the products and service we receive.

Within our field of work we have heavy demand for precision equipment that requires extensive thought and specialised expertise to ensure development is timely and functions as required.

To this we can depend on IMS's commitment to us.
